

Call for Participation

We invite you to join us in **14th International Conference of Artificial Intelligence and Fuzzy Logic (AI & FL 2026)**

This conference provides a premier forum for researchers, practitioners, and industry experts to present and discuss the latest advances in Artificial Intelligence, Fuzzy Logic, and intelligent systems. The conference offers a fully peer reviewed platform for high quality contributions, including original research results, innovative projects, comprehensive surveys, and real world industrial experiences that demonstrate significant progress in these rapidly evolving fields.

AI & FL 2026 welcomes submissions that explore foundational theories, emerging methodologies, cutting edge applications, and interdisciplinary developments. Authors are invited to contribute unpublished work that highlights advances in Artificial Intelligence, Fuzzy Logic, hybrid intelligent systems, and their wide range of applications across science, engineering, and industry.

While the conference highlights key thematic areas, submissions are not limited to the listed topics and may address any relevant aspect of AI, fuzzy systems, and intelligent computing.

Highlights of AI & FL 2026 Include:

- 14th International Conference on Soft Computing (SCOM 2026)
- 14th International Conference on Computer Science, Machine Learning, and Engineering (CSEML 2026)
- 7th International Conference on Data Science and Cloud Computing (DSCC 2026)
- 7th International Conference on Software Engineering, Security and Blockchain (SESBC 2026)
- 7th International Conference on NLP Trends & Technologies (NLPTT 2026)

Registration Participants

Non-Author/Co-Author/Simple Participants (nopaper)

100 USD for Online (Without Proceedings)

490 USD for Face to Face (With Proceedings)
